

BATTLE AT KAITOU REPORTED TODAY

Heavy Loss Expected--200 Japanese Casualties.

General Kuroki Reported Ill--Japanese Marching On to Mukden. It Is Rumored.

THE COSSACKS USE BAYONETS

London, July 22--A dispatch from Tokio says that there is reason to believe that a severe fight lasting all day occurred Tuesday at Kaitou, north of Motien Pass, with a heavy loss. The Japanese casualties were over two hundred.

GEN. KUROKI ILL.
London, July 22--The Liao Yang correspondent of the Central News, wires that General Kuroki, in charge of the Japanese troops operating in the vicinity of Liao Yang, is ill and has to be carried about on a street chair.

MARCHING UPON MUKDEN.

St. Petersburg, July 22--The most sensational piece of news from the front is the dispatch from Liao Yang, dated July 20, reporting a persistent rumor that the Japanese have broken through the Russian left wing between the respective positions of Lieutenant General Keller and General Rennenkampf, and are marching upon Mukden. The report received from General Kuropatkin bearing the same date, says that there has been no change of importance in the situation and a close study of the dates shows that the rumor probably refers to the Japanese advance against General Rennenkampf on the northern Samaitza Liao Yang road when they drove the Russians back as far as Houtslatz, 26 miles east of Liao Yang.

DARING OF JAPS.

London, July 22--A Russian correspondent of the Daily Telegraph at Mukden says:
"A fierce fight has been raging during the past two days and it still continues. The Japanese, who are in superior strength, attacked with great daring and coolness.
"The Russians are contesting the ground splendidly.
"The Japanese flanking movements to the east are the real cause of our retirement.
Heavy Japanese artillery has again shown its superiority."
The scene of the fighting is not mentioned by the correspondent.

USED THEIR BAYONETS.

St. Petersburg, July 22--General Kuropatkin, in a dispatch to the emperor, dated July 20, says there has been no particular change in his sphere of operations. "Last night," the dispatch says, "our sharpshooters and Cossacks surprised a Japanese outpost at the village of Khudanzai, ten miles southeast of Ikhawuan. Twenty-one of the Japanese were bayoneted. Those who escaped were fired upon by mistake, by the Japanese who came to their aid."

THE JAPANESE LOST.

Osaka, July 22--In an action between General Kuroki's advance guard near Chelino, the Japanese, after a hard fight, were forced to withdraw. The Japanese had the better of the engagement until the Russians brought up strong reinforcements.

AND STILL THEY COME.

Attorney Worton today filed four more \$10,000 damage suits against the city for working prisoners on the streets. The plaintiffs are Wood Jones, Harry Horton, Tom Clark and H. H. Fields.

SENATOR VEST DYING.

Sweet Springs, Mo., July 22--Senator Vest is gradually sinking, and the end may come at any time.

Mrs. C. F. Couts, of Clarksville, who has been visiting her mother, Mrs. Wm. Hay, returned home today at noon.

THE WHITE DOVE OF PEACE ALIGHTS

All is Now Lovely Between England and Russia.

England Concedes the Right to Search and Russia Says She Is Sorry.

SHE WILL PAY INDEMNITY

Berlin, July 22--It is stated here that the complications which have arisen from the seizure of the steamer Malacca by the Russians, has been settled.

England acknowledged Russia's right to search the Malacca and gave assurance that the steamer's cargo consisted of English government property.

Russia states that the seizure was an error in judgment and she will pay the company an indemnity for lost time. She also promises to be more circumspect in the future.

SHIP NOT HEARD FROM.

Alexandria, Egypt, July 22--No word has been received from the steamer Malacca since she cleared from Port Said Thursday. The British cruiser Venus left hurriedly after receiving a long telegraphic cipher message from London. The impression prevails that she has gone in search of the Malacca. The Englishmen here expect to see the Malacca brought back in the custody of the Venus.

London, July 22--The St. Petersburg correspondent of the Reuter Telegram Co. says that the British ambassador to Russia has received no reply to the Russian demand as to the Malacca. The ambassador, he adds, has received no news of the reported release of the steamer.

RUSSIA TO STAND PAT.

St. Petersburg, July 22--Your correspondent is informed that Russia has firmly decided not to yield to England in the seizure of English ships, and has thus speedily resolved in the case of the Malacca.

NO OFFICIAL REPORT.

St. Petersburg, July 22--The foreign office says that no order has been issued for the release of the Steamer Malacca. The report of the Captain of the cruiser Smolensk on the incident has not been received.

OFFICIAL DUE

ASSISTANT TRAFFIC MANAGER BOWES, OF THE I. C., COMES TONIGHT.

Mr. F. B. Bowes, assistant traffic manager of the Illinois Central, of Chicago, will arrive in the city tonight at 7:30 o'clock from Cairo on business.

Mr. Bowes has been on a tour of inspection of the southern lines looking after traffic, and will spend the night here, leaving tomorrow morning for Chicago via Brookport. This is his first trip here this season. He travels in his special car No. 6.

GOING TO CALIFORNIA.

Mr. Henry F. Oliver of Fulton, received a message stating that his wife was dying from a railroad accident in Kamona, Cal., left for Kamona Wednesday night. Mrs. Oliver left for California a month ago for her health and Mr. Oliver was soon to join her. Mr. Oliver is a member of the state board of equalization, and is well known in this section of the state.

MARRIED HERE TODAY.

Mr. Jack Roach and Miss Lillie Mat Allred, both prominent young people of Ballard county, were to a afternoon married at the Ingram House by Justice Young. They came to the city this morning accompanied by several friends and after procuring the license sent for the magistrate. After the ceremony the couple left for home.

Mr. E. C. Clark, the laundryman, has returned from the Elks reunion at Cincinnati.

PACKERS STRIKE NOW ON AGAIN

More Trouble When Strikers Offered to Work.

Many Were Sent Away with Promises and Then Another Strike Was Called.

DISCRIMINATION IS CHARGED

Chicago, Ill., July 22--The big stock yards strike is on again and a general strike has been ordered. The butchers struck when reporting for work today in accordance with the peace agreement.

The packers offered to work only a few. In every department of every plant the workmen were turned away with a claim that work would be given later.

President Donnelly charges that the packers are guilty of the "rankest kind of discrimination" and asserts that a general strike of every plant trade in the country must result.

The new general strike order was issued and telegraphed to union headquarters in eleven other cities.

Disorder broke out at once when the butchers refused to work, but with no serious results.

SECOND STRIKE ON EVERYWHERE.

Chicago, July 22--Reports from Kansas City, St. Louis and St. Paul and other cities say that the packing house employees have obeyed the second order to strike. President Donnelly has started negotiations with teamsters and the mechanical trades, looking to a strike of affiliated trades.

ATTEMPT TO SETTLE.

Chicago, July 22--A meeting of the representatives of the unions and packers will be held this afternoon, at which the entire situation will be gone over.

If an amicable arrangement is possible, it will probably be developed at the conference.

TERMS OF SETTLEMENT.

All men to be reinstated within forty-five days.

Work to be resumed Friday.

All differences to be submitted to arbitration.

COST OF STRIKE.

Total men made idle in all cities, 74,000.

Average wages of all idle men, \$3.50 per day.

Total loss in wages per day, \$259,000.

Total loss in wages for seven working days, \$1,813,000.

Loss to packers in business and through destruction of meats and by-products (estimated) seven days of strike, \$7,000,000.

Loss to railroads in reduced traffic, \$200,000.

Loss to the public, an average of 5 cents per pound in the price of meat, which will probably continue in force for several months.

WANTS HER CHILD

JUDGE LIGHTFOOT HAS NOT YET RENDERED ANY DECISION.

Judge Lightfoot is considering a petition for a writ of habeas corpus filed by Stella Jones to secure possession of her child who has been in the keeping of Mrs. Sue Eggleston.

The mother is alleged to be of bad moral character and left the child with the Eggleston woman to care for. When she applied for the infant the Eggleston woman refused unless the mother paid \$60 for board and keeping. This the parent refused and the application for the writ was then filed.

BRYAN TELLS HOW HE WILL REFORM

Favors Election of a Gold Bug President.

He is a Populist in Other Things--Democratic National Committee Organizes July 26.

THE MISSOURI NOMINEES

Lincoln, Neb., July 22--W. J. Bryan's plan for the reformation of the Democracy was given publicity last night. In it Mr. Bryan favors radical changes, but advocates the election of Judge Parker for president as a beginning. He declares for state ownership of railroads, government control of telegraphs, abolishment of the private monopoly, favors the income tax and election of federal judges by the people.

THE MISSOURI TICKET.

Jefferson City, Mo., July 22--Governor--Joseph W. Folk.

Lieutenant Governor--Thomas L. Rubey.

Secretary of State--Samuel H. Cook.

Auditor of State--Albert O. Allen.

Treasurer of State--Judge James J. Cowgill.

Attorney General--Elliott W. Major.

Railroad and Warehouse Commissioner--H. Rubey Oglesby.

The above is the Democratic ticket nominated by the state convention.

NATIONAL COMMITTEE.

St. Louis, Mo., July 22--James K. Jones, of Arkansas, has called the Democratic national committee to meet at the Hoffman house, N. Y., Tuesday, July 26, at 12 o'clock, noon, to organize.

WILL GO EAST

Mr. Irvin S. Cobb Resigns on the News-Democrat.

Popular Young Newspaper Man Will Leave Paducah.

Mr. Irvin S. Cobb, managing editor of the Paducah News-Democrat, has resigned his position, effective tomorrow night, and will leave for Tybee, Ga., near Savannah, to visit for two weeks. He will then return to Paducah, arrange some business matters, and leave for the east, where he will engage in newspaper work, probably in New York.

Mr. Cobb is a young man of whom Paducah may well feel proud. He has engaged in newspaper work for the past twelve years, receiving his start here on the News, and working at one time in Cincinnati and later in Louisville, on the Post. He was a special correspondent for the Post during the Goebel trouble at Frankfort, and did splendid work. Three years ago he came to Paducah to accept the managing editorship of the News-Democrat, and has been a credit to the paper. He now enters a wider field, and his friends predict for him success. He is a young man of unusual ability, and it is understood has received some good offers, but has not fully made up his mind which he will accept.

Mr. Cobb will be succeeded on the News-Democrat temporarily by Mr. A. I. Harlow, formerly of the Paducah Ledger, who has been working in Owensboro for the past several months, and who arrived last night.

SHOT END OF FINGER OFF.

Mr. A. F. Payne, an I. C. fireman, accidentally shot the end of the little finger of his left hand this afternoon by carelessly handling a pistol. Drs. J. D. Robertson and Adrian Hoyer dressed the wound.

Mr. J. K. Bondurant went to Gilbertsville today at noon.

MRS. NATION SPOKE FROM CAR STEPS

The Kansas Smasher Stops at Paducah a Few Minutes.

Only a Few Paid Any Attention to Her--Addressed Large Crowd at Mayfield.

WENT SOUTH FROM THERE

Mrs. Carrie Nation, the Kansas saloon smasher and life long enemy of the cigarette, passed through Paducah yesterday afternoon on the Louisville-Fulton accommodation train at 4:30 o'clock en route to Mayfield where she spoke last night. Although the train remained here but ten minutes, Mrs. Nation found time to tell the people of the multitude of sins committed and how to remedy them.

Incidentally she informed the few passengers who were listening to her that she had a book which set out clearly her methods of how the world should be run and put the book up for sale. Mrs. Nation made her speech from the steps of the car and to a very slim audience, not more than a dozen people being on the platform to hear her.

It seems the Paducah people haven't much curiosity to see Mrs. Nation, and even the depot employees did not stop their work to listen to the celebrity.

Mrs. Nation spoke in Mayfield last night at the courthouse to several thousand hearers. She spoke chiefly on temperance and against cigarette smoking but incidentally lambasted everything else she didn't like.

Mrs. Nation requested that the time of her arrival be kept a secret as she did not desire to be accosted by so many curious persons at the train, but when she arrived on the accommodation passenger train from Louisville, the depot was crowded. She was given her supper and shortly after dark began her address. The Mayfield band was playing a concert when she arrived, but played several pieces in her honor and Mrs. Nation began. The crowd cheered from time to time. It is understood Mrs. Nation will speak in Fulton or Hickman tonight, both places wanting her.

GOOD CATCHES

SPECIAL AGENT DINEEN STILL DOING FINE WORK.

Mr. W. T. Dineen, special agent for the Louisville division of the Illinois Central, who is in the city on business, made four good catches this week.

Clarence Adams, Louisville; Eddie Settle, Louisville; John C. Valdwel, Oakland City, Ind.; and Walter McDaniel, of Evansville, all colored, were arrested for breaking into freight train No. 155 Monday and robbing it of a lot of merchandise.

The robbery was committed between Central City and Cecilia, and the men were caught at four different stations on the road. The work of the officer was well done and the men were held over at Elizabethtown under \$250 bonds and will be tried at the next term of circuit court.

Mr. Julius Weil and wife leave tomorrow for St. Louis to visit the fair.

LONGER HOURS ARE WANTED IN SHOPS

Master Mechanic Turnbull Goes to Chicago.

Will Confer with Superintendent Renshaw--Many Cars to Be Repaired.

SUCCESS IS LOOKED FOR

Much interest is manifested in the present visit of Master Mechanic R. J. Turnbull of Paducah, to Chicago, where he has gone to confer with Superintendent of Machinery Wm. Renshaw regarding a matter of considerable local interest and importance.

The principal object of Mr. Turnbull's visit, it is said, is to attempt to secure longer working hours for the local shops, especially in the car department, where work is abundant. The car department has more work to do than can be turned out in two months with a full force and working ten hours a day. There are over 300 bad order cars in the shops, with more coming in daily, and the men are pushed as hard as possible in order to get the cars into service again. This is more work than has been in the car department for over six months.

THE MAYOR ACTS

Today Issued a Proclamation Regarding Baseball.

Asks That All Stores Close Monday, July 25 the Next.

Paducah, Ky., July 22, 1904.

"PROCLAMATION."

To the Merchants and Business Men of Paducah, Ky.

Believing that the Lawyers and Doctors of the city in tendering their services in "attempting to play ball," for the benefit of the Home of the Friendless and the Charity club, in a ball game, to be played July 25, 1904 and believing the cause of charity is such, that it calls for some sacrifice upon the part of our business men and citizens generally; and having heard it is the desire of many business men to close their places of business during the afternoon of that day, for such length of time, as will enable a general patronage of the game, I would most earnestly request and advise all business men to close their respective places of business as far as possible from 2:30 p. m. believing that the sacrifice will bear good fruit.

Respectfully
D. A. YEISER, Mayor.

DON'T WANT MUCH

THE PROHIBITIONISTS ASK TO BE DELIVERED FROM BUNCO, BOODLE AND BOOZE.

Indianapolis, July 22--"Redeem us from bunco, boodle and booze," is the battle cry of the Prohibitionists, as laid down by Sials C. Swallow, in his speech of acceptance of the presidential nomination, after notification by the Prohibition party this afternoon.

NOTED ACTOR

WILSON BARRETT DIES IN LONDON.

London, July 22--Wilson Barrett, the world famous actor, dramatist, novelist and theatrical manager, is dead. He was one of the best known of the older school.

SUIT FOR DIVORCE.

William Harris has filed suit against Sophia Harris asking for divorce on the grounds of immorality and abandonment.

BOND MONEY MAY BE LOANED OUT

The Mayor Has a Proposition From Local Bank.

He Thinks Considerable Improvement Work May Be Done This Year.

OTHER MUNICIPAL MATTERS

The city has no intention of loaning out the \$200,000 to be secured on the bond issue, according to Mayor Yeiser. A number of people seem to have an idea that the city after borrowing the money, expects to loan it out again at a lower rate of interest than is being paid by the city, but Mayor Yeiser explains the import of the proceedings in the Board of Aldermen last night, when the matter of loaning the money out was referred, by saying that he has a proposition from a local bank to pay an annual interest of 2 1/2 per cent. for daily balances if the \$200,000 secured by the sale of the street, market house and city hospital bonds, is deposited with the bank.

Mayor Yeiser stated that this was a good proposition, and while he did not really think the interest was enough, he is confident the city will accept the proposition. Last night the aldermen favored it, but the council will have to act before anything definite can be done towards accepting the proposition.

"The money we will get on the bonds will not all be expended in the course of the next year," Mayor Yeiser explained today "and I think the city should get some benefit out of its deposit. We will spend the money as fast as the installments for improvements are paid, but will have a daily balance credited to us, the same as business firms do which receive interests on their deposits."

Mayor Yeiser stated that he had received notification from a big banking concern in the east that in event the Western German bank of Cincinnati, which has accepted the bonds, does not send the money, that bank will be more than glad to take the bond issue and pay the money immediately.

Mayor Yeiser states he is in favor of starting the improvements as soon as the money arrives, and expects to have about three months of favorable weather this year after work begins. The market house and hospital can be worked on in winter, but the street work has to stop when cold weather sets in.

In speaking of storm water sewers on South Third street, Mayor Yeiser stated he was not in favor of putting them in. "We have a drainage for Third street to the river which can be perfected without laying any storm water sewers, and be a great saving to the city. It is but one block to the river and the city can turn the water off Third street at every cross street and run it into the river."

This plan the mayor will urge the city to adopt.

Some of Mayor Yeiser's ideas are pretty good, but some are quite antiquated. For instance he says he thinks brick pavements are better than concrete pavements, and he favors them in preference to concrete, although the experience of other cities, and the work that is being done all over the world today in the way of building pavements, do not bear him out. The mayor seems to have derived his idea of concrete or granitoid pavements from some of the samples of badly constructed ones that have been permitted in Paducah. Concrete pavements are made to last for many years, and are acknowledged to be the best that can be put down in a city, but some of the concrete pavements made in Paducah would never be recognized as the standard.

ANOTHER CHAINGANG

M. T. Cartwright has filed through J. M. Worton against the city for \$10,000 for alleged working him on the streets to the tune of \$1 and costs.

Hopkinsville at Clarksville.

The Indians, by hard hitting, interspersed with rank errors on the part of the Vincennes aggregation, yesterday walked away with the third straight victory over the Vincennes boys. Gilligan was back at short and Meyers, the new recruit, played right field and hit well. McGill acquitted himself creditably, allowing but five hits.

The game was slow and part of the crowd left before it was finished, Paducah making her scores in the early part of the game. The Indians hit to the outfield and Barlow struck a hard one to right which went clear to the corner of the park, the little fielder gaining third sack. Paducah made but two earned runs, however, and McGill would have pitched a shut out game but for one error.

BASEBALL NOTES.

Myers got a sun ball yesterday which he lost just as it hit the ground. Myers hits like a fiend. He stands well and never finches and is undoubtedly a hitter. He made a good with the team yesterday.

Wernecke is fast becoming a Paducah favorite and has a good hitting

eye. Henderson turned loose a valuable man.

Sherman saw the game in citizens clothes yesterday. He and his wife went to Grand Rapids last night and in event Sherman does not make good there, will return to Paducah to complete the season with the Indians.

Well, Cairo, how does it look now? Gilligan made two errors yesterday, the result of working in the outfield since leaving Paducah. He was there with ever ready head and coached the team as of yore. He seems to inspire the boys or give them confidence.

Violet made several difficult catches yesterday. He is doing good work at the initial sack.

Gilligan stole two sacks yesterday. Wilkinson and his team are good players but were simply up against the stiffest proposition in the league, and knew it.

With Myers in the lineup, Paducah has six left hand hitters.

The fans in Cairo are having another choking fit.

When Gilligan and his braves go to Cairo, they will have the fire department at the park for emergency cases.

Paducah Indians as a team is out-hitting any team in the league.

The fans here like Warner very much, and hope the management will retain him. He is a fine catcher, catching the season for Henderson and catching steadily nearly every game played last year. He likes Paducah, and is one of the surest hitters in the league.

Mr. S. H. Heilbronner, formerly an operator in the Western Union and Postal offices here, is now manager of the Henderson ball team, and is in the city with the boys. His many friends are glad to see him.

The batteries today will be Morgan and Downing for Henderson, Brady and Land for Paducah.

Lemon was struck on the left knee by a foul ball yesterday and badly crippled. He caught the game out, however, but will probably be sore for several days.

Barlow made a fine throw yesterday, fielding a ball which Myers had dropped on account of the sun, to third base and retiring a runner who had attempted to advance a base on the error.

Brady is in fine form and says he will pitch good ball today.

Catcher Kennedy was this morning released, the team management not desiring to carry two catchers, but preferring to carry four pitchers. Kennedy will probably get on in another team.

This morning one dozen new leather bat bags came with one dozen fine Zimmerman bats and the boys are well fixed for sticks and luggage equipment.

BASEBALL PLAYER SANG.

Left Fielder Roodel made his first appearance in Paducah last night as a vocal artist. He sang several songs at the Casino, Wallace Park, and did it well. He is the possessor of a rich baritone voice, and showed by his use of it that he is no amateur. He was loudly applauded and took his success modestly, but sang several selections. It is understood that Miss Alma Hays who returned yesterday from Chicago, will be asked to sing shortly and Paducahans will look forward to her appearance with a great deal of pleasure, as she has not been heard here since she graduated in her vocal studies in Chicago.

A CHILD DIES.

The child of Mr. W. H. Tollison, aged one month, died yesterday at 627 North Fourth street of stomach trouble. The funeral took place this morning from the family residence and the burial was at Oak Grove.

BURGLAR FOILED

UNSUCCESSFUL ATTEMPT TO
GET INTO MR. ED. WHEEL-
ERS' HOUSE.

A burglar attempted to break into the residence of Mr. Ed Wheeler, foreman of the local Illinois Central tin shops, who lives at 727 South Thirtieth street, last night between 10 and 11 o'clock, but was thwarted by Charles McCarty, an apprentice in the tin shops, who boards at Mr. Wheeler's house.

Young McCarty came home about 10 o'clock and started to retire. Mrs. Wheeler is visiting in Louisville, and Mr. Wheeler was at Wallace park, leaving McCarty the sole occupant of the house. Upon entering the house McCarty heard a noise in the rear and saw a man jump the fence and come towards the house. The young man suspected the intruder was there for no good purpose and started to secure a pistol, which he had trouble in locating. Finally the weapon was found in the china closet but in getting the door open a noise was made which frightened the burglar away.

McCarty ran out into the yard but was unsuccessful in getting a shot at the man.

THE RIGHT WAY

GOOD WORK OF THE BOARD OF
ALDERMEN.

A member of the city hospital committee this morning commended the action of the board of aldermen last night in deciding upon the property at Fourth and Clay as a site for the city hospital.

"If the council will just ratify this action," he said, "bids can be received and the contract for the building let by August 10. The work of construction can begin soon afterward and it will not be long before the hospital will be a badly needed reality."

"The Fourth street site is the only one worth considering and I do not see why there need be any delay in deciding upon it."

TO OLD POINT COMFORT AND
THE SEASHORE, AUG. 13.

A TOUR OF EDUCATION.

The personally conducted excursion to Old Point Comfort, in charge of Mr. W. A. Wilgus, S. P. A., will be run, Saturday, August 13, via I. O. and O. and O. railroads, from Paducah on regular train, connecting with the Seashore Special, leaving Louisville from Union depot, foot of Seventh street at 5 p. m. The round trip rate to Old Point Comfort is only \$18.55 and the tickets are good until August 28.

This is the most popular outing offered the traveling public. Grand and beautiful scenery, invigorating mountain air, surf bathing, ocean voyage, palatial hotel entertainment and a visit to the capital. Stop over privileges allowed returning.

Delightful side trips at low rates. Every attention and courtesy will be extended to ladies traveling alone. Choice of routes returning, between Richmond and Clifton Forge, will be given. For further particulars and sleeping car space, address W. A. Wilgus, S. P. A., Hopkinsville, Ky., or call on J. T. Donovan, Agent I. O. Railroad.

ONE NIGHT TREATMENT.

Soak the hands on retiring in a strong, hot, creamy lather of Cuticura Soap. Dry and anoint freely with Cuticura Ointment, the great skin cure and purer of emollients. Wear, during the night, old, loose kid gloves, or bandage lightly in old, soft cotton or linen. For red, rough and chapped hands, dry, fissured, itching, feverish palms, with brittle, shapeless nails and painful finger ends, this treatment is simply wonderful, frequently curing in a single application.

Complete local and constitutional treatment for every humor of the skin, scalp and blood, with loss of hair, may now be had for one dollar. Bathe with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation and inflammation, and soothe and heal, and lastly, take the Cuticura Resolvent Pills to cool and cleanse the blood. This treatment affords instant relief, permits rest and sleep in the severest forms of Eczema and other itching, burning and scaly humors, and points to a speedy, permanent and economical cure of torturing, disgusting humors, from pimples to scrofula, from infancy to age, when all other remedies and the best physicians fail.

MUCH COAL

The Combine Will Have 200,
000 Bushels in a Few Days.

The City Market to Be Supplied in
Less Than a Month.

Captain Max Sebott, general manager of the Pittsburg coal company combine, today announced that the company is now ready for the river trade, and in three or four weeks will be prepared for the city trade.

There are several barges of coal now over at the island ready for the river trade, and Captain Sebott says that tomorrow or the next day the Fred Hartweg will arrive and drop here eight or ten more barges for this market, making about 200,000 bushels across at the island.

The company has decided to station Captain James O'Donnell here as agent, and expects within three weeks or a month to have its dock ready to unload coal for the city trade.

NEW WIRE.

RECEIVED FOR IMPROVING
TELEPHONE LINE ON THE
ILLINOIS CENTRAL.

Several large rolls of heavy wire have been received here to be used in bettering the long distance telephone service on the Louisville division of the Illinois Central. The wire is insulated and with it came several large sizes of battery copper, much larger than the coppers heretofore used.

The long distance telephone has not been a success on account of the wiring being too small and between Chicago and New Orleans the road is now putting in a larger wire. It is presumed by the shipment of the wire here, that this will be done on the Louisville division also. Directions for the use of the new wire have not yet been received.

Hayes' Beechwood Emulso-Hypo With Iron

Makes Fat, Strength, Blood, Bone and Muscle.

If you are tired, broken down, despondent, worn out, pale, losing flesh, have no energy, do not feel like rising in the morning for the day's work, you need a bottle of this wonderful medicine. Do you want good rich red blood? Do you want the bloom to come back to the cheek? Are you convalescing after having fever, pneumonia or measles? Then you ought to take a bottle of EMULSO-HYPO. Its medicinal food that reaches every tissue in the body and builds you up. Taken in a little wine its as pleasant as cough syrup.

Read what the editor of the Meridian Star of Mississippi, A. G. Davis, writes under date of April 8:

"My mother took the Emulso-Hypo and has been greatly benefited. She is in better health than she has been in years."

J. W. Russell, county court clerk of Hickman county, Tenn, writes:

"My wife has used several bottles of Emulso-Hypo with Iron and has been wonderfully improved. I can conscientiously recommend it for all lung trouble."

Rev. G. T. Sullivan, presiding elder of the Memphis district, writes under date of Dec. 1, 1903:

"My daughter, whose system was very much run down, has been taking your Beechwood Emulso-Hypo with Iron, and has improved so much with one bottle I have no doubt by continuance she will be fully restored in her nerve forces. I am delighted with the results and shall continue her on it. Wishing you prosperity, I am, yours truly, G. T. SULLIVAN."

THE WEATHER.

Occasional showers tonight and Saturday. Warmer Saturday.

THE FIGHT FOR A BETTER TOWN.

The city should make a serious effort to secure better sanitation. It makes no difference what anyone claims to the contrary, the city wallows in filth. The gutters reek with foul water and the alleys are in a horrible condition. One of the doctors in an office building down town stated that there is nothing filthy not to be found in the alley back of the building he is in.

The other alleys in the heart of the city, with few exceptions, are equally as bad. The alleys back of many of the buildings on Broadway have dozens of outhouses on them, and when there is a rain, filth is washed out and that not scattered all over the alley is floated down to the gutters on Kentucky avenue.

What Paducah needs is a law compelling people in the sewer district to connect with the sewerage, and thus at least to some extent, obviate the unhealthful conditions. The Lexington Herald is now making a fight at Lexington for more sewerage and laws that will require people to use it. The Herald says a great deal that applies to Paducah, or might apply here, as well as to Lexington. Among them:

"There is no problem confronting the citizens of Lexington of such importance as the need for a general system of sewerage."

"Not only should Lexington have a complete system of sewerage, but there should be an ordinance passed requiring every house that can be connected with a sewer to be so connected. It would in our opinion be well to impose a special tax of \$25 a year on each piece of property on which there is a cesspool that can not be connected with a sewer and \$100 a year for any house that can be connected with a sewer but is not. Such an ordinance, strictly enforced, would aid greatly in making it possible to build sewers under the present charter, for the expense has to be assessed against the abutting property owners. As it is now, a great many citizens claim that they do not need sewers because of the fact that their houses are connected with a cesspool, and throw very difficult in the way of the construction of sewers in front of the city they own, and attempt to pay their proportionate

share of what is both a private benefit and a public necessity.

"On yesterday we heard of a certain citizen, who is an advocate of all public improvements to be paid for by a general tax, though an opponent to all public improvements for which the cost is assessed against his property, announcing he would not pay his proportionate share for a sewer for which the council has passed an ordinance, without exhausting every legal means to keep from doing so. He stated that there was no need of his having a sewer along his property, as he had a cesspool which he had dug down to bed rock, had the rock blasted, and had water run into it for two days to be absolutely certain that it would not hold water and that the sewage would run off from it. Under this arrangement other citizens, who are compelled to use well water, have their water contaminated by the sewage from that cesspool which he uses as a reason for refusing to pay his proportionate part for a proposed public sewer along which his property abuts. From one cesspool, and there are many of the same character, germs of infection may be carried to any well or spring within a large radius and dread typhoid, which has taken so many victims from every class in Lexington, may with all reason be ascribed to just such centers of infection.

"Lexington is no longer a village. It has passed the stage where there is danger of its either going backward or dying of dry rot. It is a progressive, growing, prosperous city. There are many things it needs for its full development. It would be of great advantage to it to have an auditorium sufficiently large to seat the state conventions, which it would be easy for Lexington to obtain if it had such a building and had the hotel accommodations. Many of the streets need reconstruction or widening. It needs a new union depot. It needs greater public spirit among its citizens. But, of all its needs, the greatest and most pressing at present is a general and perfect system of sewerage."

The mayor's elation over the city's financial condition is not fully justified by his subsequent statements that the fire department appropriation is almost out, and the city cannot pay the price of the new fire equipment this year. In fact, if the city is not borrowing money by October, the administration may consider itself very fortunate. The city now pays out money at the average rate of \$10,000 a month, and there are a lot of things that cannot be paid for this year, such as the fire department equipment, and which if they were paid for, would leave a big deficit.

The board of aldermen did a wise thing in not paying any attention to the effort to have the gates taken from street car platforms. The gates are put there as a protection to the public, not as a benefit to the street car company, and the effort to have them taken off shows that some of our city officials are sadly deficient in their knowledge of the progress and requirements of modern rapid transit.

The Democratic party has entered a plea of "guilty" to the charge of having been unsafe and insane for at least eight years. It is not altogether satisfied with its present symptoms, but is more hopeful since it has taken the Republican gold cure.

What is the matter with the city bonds? Any practical printer knows that it doesn't require this long to

print bonds, especially in a city with the typographical resources of Cincinnati, where they are being printed. The belief is growing in Paducah that there is something or somebody persistently holding back all the time.

Both boards have authorized a week's vacation a year for police officers. It will doubtless prove a good move duly appreciated by our officers, and make the officers still more energetic in their work. A liberal policy with city official pays as well in the long run as a liberal policy in any business or profession.

Having denounced the adoption of the gold standard as the crime of the century the Democratic party now comes in and asks the privilege of being adjudged guilty as an accessory after the fact.

The Democratic plank on the Philippine question is an expression of regret that the American policy there has not been met by disaster.

The country will not be slow in making its choice between Roosevelt and a Record and Parker and a Promise.

The Republican party seeks to convince the people. The Democratic party seeks to scare them.

ERNST CHAIRMAN

Other Proceedings of the State Republican Committee.

A Campaign Committee Named and Headquarters Will Be Established.

Louisville, July 22.—The Republican state central committee met yesterday afternoon and chose Richard P. Ernst chairman of the state campaign committee and elected Thomas Walker, Jr., of Lexington, permanent secretary of the state central committee and secretary of the campaign committee.

The committee will maintain permanent headquarters in Louisville. Two contests from the Eleventh district were decided in favor of Dr. W. Godfrey Hunter. Henry L. Stone was named as Republican member of the state election commission. The campaign committee is: Richard P. Ernst, Covington, chairman; George W. Long, Leitchfield; C. C. Mengel, Louisville; John C. Wood, Mt. Sterling; Sam J. Roberts, Lexington. John Marshall, of Louisville, was chosen treasurer.

WARNER IN CHARGE

THE NEW MILK AND MEAT INSPECTOR QUALIFIED TODAY.

Dr. C. G. Warner this morning qualified as milk and meat inspector and is now acting in that capacity. His bond was accepted by the board of aldermen last night which was all lacking to keep him from taking charge of the office sooner.

Mr. James Ezell qualified last night as back poll tax collector. He had been collecting taxes not knowing that an acceptance of the bond was necessary.

Deany Pineapple Juice.

The juice of the green pineapple is accredited in Java, the Philippines and the Far East generally with being a blood poison of a most deadly nature. "Health" mentions it as the substance with which the Malays poison their kresses and daggers, and as the "finger nail" poison formerly in use among aborigine Javanese women almost universally. These women cultivated a nail on each hand to a long, sharp point, and the least scratch from one of these was certain death.

Stevenson's Dream. The idea for "Jekyll and Hyde" came to Stevenson in a dream, and he began it as soon as he rose on the following morning. His wife could hardly get him away from his stable even for meals. The first draft of the tale was finished within seven days.

NO DECISION RENDERED.

The evidence of the opposition in the M. G. Sale bankrupt case, heard before Referee Bagby yesterday afternoon, has been completed, but no decision rendered. One will be within the next few days.

BURLEY WAS SHORT
DARK IN EXCESS

Such is a Recapitulation of Tobacco Produced.

Very Little Change Is Shown in the Crop in the Paducah District.

AND OTHER TOBACCO NEWS

A recapitulation of figures, showing the production of tobacco in Kentucky, furnished in a report by Commissioner of Agriculture Hubert Vreeland, shows that the production of Burley tobacco was more than 10,000,000 pounds short of the crop for the previous year, while the dark crop was about 16,000,000 pounds in excess of that for 1902. The shortage in the Burley crop, as generally known, was responsible for the rise in price, which was of such proportions as to attract the attention of that part of the public not directly interested in the trade.

The average Burley crop for the preceding five years was about 68,500,000 pounds, and the total Burley crop of 1903 was but 56,756,562, thus making the crop nearly 11,750,000 pounds less than an average crop.

It was supposed that the short Burley crop would cause a greater demand for that portion of the dark crop which may be used as a substitute for Burley, but the figures make plain the reason that the expectation was not fulfilled. The dark crop of 1903 was an unusually large one. The average dark crop for the past five years is 115,980,000 pounds and compared with this average the crop of 1903 shows an excess of 20,875,000 pounds. With such an excess over the average crop it is not surprising that values did not rise in sympathy with Burley.

The following is a recapitulation of the figures on Burley and dark tobacco for the past two years:

Definite information in regard to the taxation of tobacco strips has been received from England. All tobacco which was in bond in the United Kingdom April 20 will be exempted of one-half the additional tax imposed at that time. The full increase of six cents will be collected on all strips imported to the kingdom later than that date. The concession on tobacco in bond was announced by Austen Chamberlain, chancellor of the exchequer, during the debate on the finance bill in the house of commons Monday.

The schedule with Mr. Chamberlain's amendment will be as follows:

Stripped tobacco in bond April 20, 75 cents per pound; stripped tobacco imported later than April 20, 78 cents per pound.

Auditor's Agent Lucas, of Paducah, Enjoined There.

The Case Will Probably Settle the Auditor's Agent Question in the Court.

THE ALLEGATIONS IN PETITION

Auditor's Agent Frank Lucas, of Paducah, will probably be saved the trouble of going to court to establish his claim to the position of auditor's agent, as one of Auditor Hager's appointees, E. C. Walker, of Henderson, has filed an injunction suit to decide the legal points of the case.

A few days ago Agent Lucas prepared a large batch of suits to file at Henderson, but the sheriff, acting under instructions from Auditor Hager, declined to serve the papers and Agent Walker, for that county, made duplicates of the suits and filed them in his own name. Yesterday he filed an injunction suit, the substance of which is as follows:

"E. C. Walker, revenue agent of Henderson county, against F. A. Lucas and E. L. McDonald to enjoin them from the collection of back taxes."

"The plaintiff sets up that the defendants have been and are without authority proceeding to collect back taxes and are interfering with the plaintiff in the collection of said taxes; and that defendants will continue to interfere with plaintiff unless each be temporarily enjoined from so doing until the said temporary injunction can be made permanent."

Circuit Judge Henson being absent from the county the matter of granting a temporary injunction will be heard before County Judge J. H. Hart.

Agent Lucas, it will be remembered, claims he was appointed for four years, while Auditor Hager claims his term expired when Auditor Coulter, who appointed him, retired from office.

Injunction suits and mandamus petitions have been talked of for some time to decide the case, but the suit at Henderson will now probably settle all the points involved.

A DELIGHTFUL PLACE TO SPEND THE SUMMER.

In the highlands and mountains of Tennessee and Georgia, along the line of the Nashville, Chattanooga and St. Louis railway, may be found many health and pleasure resorts, such as Monteagle, Sewanee, Lookout Mountain, Borsheeba Springs, Bon Aqua Springs, East Brook Springs, Estill Springs, Nicholson Springs and many others. The bracing climate, splendid mineral waters, romantic and varied scenery combine to make these resorts unusually attractive to those in search of rest and health.

A beautifully illustrated folder has been issued by the N. C. and St. L. railway and will be sent to any one free of charge.

THE SUN'S FREE TRIPS
TO THE ST. LOUIS FAIR

The Sun Will Send You With Free Admissions For a Little Work.

Many are Already Taking Advantage of This Great Offer and More Will.

THIS IS THE OPPORTUNITY FOR YOU TOO

The Sun's offer of a free trip to the World's Fair for a little subscription work is interesting a surprisingly large number of people and the inquiries at the office evidence that many will take advantage of it. The offer is one of the best ever made by any newspaper and is just what the man or woman or child who wants to see the Fair and has been standing back on account of the expense is looking for.

The Sun's proposition is to give transportation and five admissions to every one who will send in five new yearly paid subscribers, or ten for a period of six months or fifty for a period of one month.

The price of The Sun is 40 cents a month, \$2.25 for six months and \$4.50 for a year.

This is an excellent offer. Anyone can get five yearly subscribers to The Sun and those who would like to try will learn something that will be of great assistance to them in soliciting if they will call at The Sun office.

Boys, girls—all who desire to see the greatest show on earth, this is your chance. Take advantage of it.

MUCH STREET WORK DONE THIS YEAR

Board of Public Works to Make Inspection.

Mr. S. A. Fowler, One of the Board, Learns Paducah Sidewalks Are Wider Than Chicago's.

THE BROADWAY IMPROVEMENT

The members of the board of public works will today go over the city and ascertain how much street work has been done, and how much there is yet to do.

The board has been handicapped this year by limited funds, not being in office when the levy was made, and for this reason has not done as much work as it would like to have done.

It has rebuilt many of the streets without the use of any new gravel and feels that it has made a good showing for the amount of money spent.

Mr. S. A. Fowler, one of the members of the board, has just returned from Chicago, and while there looked around and learned a number of things he hopes will be of advantage to him in his local work. One was in regard to the width of pavements.

"I found on Michigan avenue," he said this morning, "the finest boulevard in Chicago and probably one of the busiest there, that the sidewalks are only nine feet wide. There are nearly two million people in Chicago, and they manage to get along with nine foot sidewalks on some of the most important streets. Here you can hear people say most any time, 'Oh, we couldn't possibly get along with less than twelve foot sidewalks.'"

"I am in favor of making Broadway wider for the double street car tracks, if the city desires, or to keep it the width it is now, if the city insists on having it that way. Whether double tracks are wanted or not depends on the legislative boards."

Mr. Fowler stated that the board of public works will in a few days complete its recommendations relative to Broadway improvements. He is of the opinion that these recommendations will provide for a ten foot granite sidewalk with a two foot grass plot to the curb. "This," he explained, "will leave the streets the same width as now, but will so leave the sidewalks that should it ever be desired to widen the street, it could be done simply by converting that part of the sidewalk left as a grass plot into a street."

Mr. Fowler, along with many others, thinks that the street should be widened now, and that it will be an easy matter to get along with nine or ten foot of sidewalk. He says however, that he finds that many cities have double tracks on streets no wider than Paducah and some on streets not as wide.

The next meeting of the board will be Wednesday night, and it is expected to have the plan of the Broadway improvement drafted by that time. The ten foot sidewalk with grass plot at the curb will extend from Sixth street out. It will not be recommended from Fifth street to Sixth, as the government owns some of the property and could not be made to change its sidewalk.

Are You a Lychnobite?

A day worker met some morning newspaper men, all of them being slightly "under the influence." In the conversation that ensued the day man said: "You lychnobites ought to go way back and sit down."

The objects of the epithet were much offended at its application to them, but were mollified when they found that the dictionary defines "lychnobite" as "one who works at night and sleeps by day."

This reminds one of the story of Daniel O'Connell, who vanquished a Billingsgate fishman by calling her a right-angled hypothenuse.—Typographical Journal.

The Blazed Trail

By STEWART EDWARD WHITE

Copyright, 1902, by Stewart Edward White

"Where does it go to?"

"Well, nowhere in particular—that is, it is a logging road that starts at the river and wanders up through the woods where the pine is."

"How clear the axes sound. I would like to know more about it," she sighed, a quaint little air of childish petulance graving two lines between her eyebrows. "Do you know, Harry, you are a singularly uncommunicative sort of a being. I have to guess that your life is interesting and picturesque. Sometimes I think you are not nearly poet enough for the life you are living. Why, you are wonderful, you men of the north, and you let us ordinary mortals who have not the gift of divination imagine you entirely occupied with how many pounds of iron chain you are going to need during the winter." She said these things lightly, as one who speaks things not for serious belief.

"It is something that way," he agreed, with a laugh.

"Sit there," she breathed very softly, pointing to the dried needles on which her feet rested.

"What?" he inquired.

"Your life; what you do; all about it. You must tell me a story."

Thorpe settled himself more lazily and laughed with quiet enjoyment.

"The story of the woods," he began. "The story of the woods. It would take a bigger man than I to tell it. I doubt if any one man ever would be big enough. It is a dream, a struggle, a battle. Those men you hear there are only the skirmishers extending the firing line. I'll have to hurry now to get those roads done and a certain creek cleared before the snow. Then we'll have to keep on the keen move to finish our cutting before the deep snow, to haul our logs before the spring thaws, to float them down the river while the freshest water lasts. When we gain a day we have scored a victory, when the wilderness puts us back an hour we have suffered a defeat."

"The girl placed her hand on his shoulder. He covered it with his own."

"But we win!" he cried. "We win!"

"That is what I like," she said softly, "the strong spirit that wins." She hesitated, then went on gently: "I went walking yesterday morning before you came over, and after awhile I found myself in the most awful place—the stumps of trees, the dead branches, the trunks lying all about and the glaring hot sun over everything. Harry, there was not a single bird in all that waste, a single green thing." She seized his fingers in her other hand. "Harry," she said earnestly, "I don't believe I can ever forget that experience any more than I could have forgotten a battlefield were I to see one."

"The man twisted his shoulder uneasily and withdrew his hand."

"Harry," she said again after a pause, "you must promise to leave this woods until the very last. I suppose it must all be cut down some day, but I do not want to be here to see after it is all over. Men do not care much for keepsakes, do they, Harry? But even a man can feel the value of a great beautiful keepsake such as this, can't he, dear?"

"You meeting place—do you remember how I found you down there by the old pole trail staring as though you had seen a ghost? It must always be our most sacred memory. Promise me you will save it until the very, very last."

Thorpe remained silent.

In selecting the districts for the season's cut he had included in his estimates this very grove. Other bodies of timber promising a return of \$10,000 were not to be found near the river, and time now lacked for the cutting of roads to more distant forests.

"Hilda," he broke in abruptly at last, "the men you hear are clearing a road to this very timber."

"What do you mean?" she asked.

"This timber is marked for cutting this very winter."

She had not a suspicion of the true state of affairs. "Isn't it lucky I spoke of it?" she exclaimed. "You must see to it today, now!"

She sprang up impulsively and stood waiting for him. He arose more slowly.

"Hilda, I cannot," he said.

She stood very still for some seconds. "Why not?" she asked quietly.

"Because I have not time to cut a road through to another bunch of pine. It is this or nothing."

"Why not nothing, then?"

"I want the money this will bring."

His choice of a verb was unfortunate.

"Will you tell me for what you want the money?" she asked.

The young man caught the note of distrust. At once, instinctively, his own confidence vanished. He drew within himself again the power of justifying himself with the needed word.

"The firm needs it in the business," said he.

Her next question countered instantaneously.

"Does the firm need the money more than you do?"

They stared at each other in the silence of the situation that had so suddenly developed as a dust cloud springs up on a plain.

"You do not mean that, Hilda?" said Thorpe quietly. "It hardly comes to that."

"Indeed it does," she replied, every nerve of her fine organization strung to excitement. "I should be more to you than any firm."

"Sometimes it is necessary to look after the bread and butter," Thorpe reminded her gently, although he knew that was not the real reason at all.

"If your firm can't supply it, I can," she answered. "It seems strange that you won't grant my first request of you merely because you need a little money."

AMUSING STORY ILLUSTRATING THE DEMOCRATIC PREDICAMENT.

Many Democrats, as well as Republicans, will appreciate the truth of the following story, told by the Louisville Herald:

According to well founded rumor, as Postmaster T. H. Baker and Judge George Du Ruelle were walking down Market street yesterday they met Former State Auditor Gus G. Coulter and Colonel Bennett H. Young. There was thus a meeting of two Republicans with two dyed-in-the-wool Democrats.

"Colonel Young," said Judge Du Ruelle as the four met, "what do you think of your man, Parker?"

"Well," replied Colonel Young, "looks as if he is pretty strong. Guess he can beat Teddy. Yes, I reckon he will do."

"Colonel," said Judge Du Ruelle with his characteristic tendency toward the reminiscent, "your attitude toward Parker reminds me of a story. Recently a crowd of my friends were all ready and waiting to go on a camping party. They had secured tents, baggage, food and utensils."

"But, alas! the cook died just before they left."

"Not to be daunted by this, they selected one of their number to cook. He agreed to undertake the task on the condition that the first man who protested against the cooking should himself be assigned the job."

"The first day's cooking was awful tough; the second day's was atrocious. Still nobody said anything."

"The third day the cook made a rabbit pie. He simply chopped a rabbit, hide and all, into three pieces, put some dough around it and then cooked it just a little. This was the pie."

"By God," said one of the campers as he attempted to eat the pie, 'this is the—est pie I ever saw; but I like it just the same!'"

CHEERFULLY RECOMMENDED FOR RHEUMATISM.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c. 50c, \$1.

FORECASTS STORMS

LONG DISTANCE PROPHET FIXES TIME IN AUGUST, SEPTEMBER AND OCTOBER.

Washington, July 22—More severe storms than have been experienced in America during the past ten years are predicted to occur during August, September and October by W. T. Forster, the long distance forecaster, who declares that the storms are to come with such force that they will leave havoc in their path over the entire territory through which they pass. These storms will be tropical hurricanes and transcontinental cyclones. The hurricanes will come from the south and southwest, off the Gulf of Mexico, while the transcontinental storms will wind their way from the territory west of the Mississippi valley. Mr. Forster says indications point to a series of these destructive winds, and the results will be far more serious than people would suppose. During the past few years severe storms have swept the country and much serious damage has resulted, but the character of those predicted by Mr. Forster are, manifestly, far the most dangerous the country has known in many years.

Mr. Forster makes no attempt to locate these storms or to tell where they will reach their greatest force. He confines himself now to the announcement that they will come and the destruction with which they will be attended. He does not forecast them for any particular locality, but says they will sweep with remarkable force from the directions already told.

For many weeks Mr. Forster has been at work in the library of the naval observatory completing his maps and following the conditions all over the country. So positive is he that his forecast is correct that he says he could foretell the approximate time the storms will reach a certain locality, but that he is content in stating the fact that hurricanes will surely come.

INDIGESTION.

With its companions, heartburn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle.

ROUTINE WORK ONLY BEFORE ALDERMEN

Will Not Fool With the Street Car Gate Question.

The City Wants to Loan Out Some of the \$200,000 Bond Money.

THE BUSINESS TRANSACTED

The board of aldermen met in regular session last night. Those present were Aldermen Smith, Singleton, Greif, Kraus, Reed and Durrett.

The Schulte saloon license at 16th and Tennessee street was recalled, the residents in that portion of the city objecting to a saloon.

The resignation of Wm. Patterson as back tax collector was accepted and the ordinance committee ordered to bring in an ordinance stipulating who shall be back tax collector.

The resolution to give each policeman one week's vacation annually was adopted.

Several prayers for relief for over-assessment were referred.

The proposition of E. C. and R. G. Terrell selling the city property for \$3400 for opening 19th and 21st street, west of Fountain avenue was referred. The request from Messrs. Terrell for a survey of property on West Madison street was also referred.

The matter of granting Matron Birchett extra pay for a nurse at the city hospital, was referred to the mayor.

Mayor Yeiser reported the filing of more suits aggregating \$70,000 damages against the city by J. M. Werten, for plaintiffs alleging they had been illegally worked on the streets.

Mayor Yeiser recommended that payment for the new fire apparatus be deferred, as the appropriation for the fire department is not sufficient to pay the salaries of the firemen the remainder of the year. There is only \$4,654 left out of the entire year's appropriation.

All bills and salaries were allowed. The ordinance changing the location of a railroad gate from 12th and Norton to 11th and Norton was given final passage.

The ordinance providing for storm water sewers from First to Ninth on Kentucky avenue was given first passage, also first passage was given the ordinance compelling storm water sewers on South Third street from Kentucky avenue to Broad street.

The mayor and finance committee were empowered to arrange to loan out the money to be secured shortly from the Cincinnati banking firm which bought the street, market house and hospital bonds.

The board ordered a bridge built across Bridge street in Mechanicsburg. The defective drainage at 12th and Jefferson streets was referred to the board of public works.

The board of public works and Solicitor Puryear were instructed to confer with the I. O. and N. C. and see if the roads will bear a portion of the expense of building a culvert on Caldwell street leading to the union depot.

The report of Fire Chief Woods was filed and the fire commissioners and fire committees of both boards, ordered to buy fire horses.

The following liquor licenses were granted: W. H. Schroeder of 825 South Third; L. A. Lagomarsino on Second street and Broadway; Overstreet and Howell of Seventh and Trimble; Reynolds and Reynolds of Ninth and Washington; Don Gilbert of 116 South Fourth street; E. T. Hessig was granted quart liquor license for Bridge and Mill streets.

G. C. Kolb and L. S. DuBois were accepted as Milk and Meat Inspector Warner's bondsmen.

John Rinckleff and J. H. Ballance were accepted as bondsmen for James Ezell, back poll tax collector.

The action of the council in appointing a committee to confer with the street car people to secure the removal of end gates from the cars was not ratified.

The transfer of Charles Doerflinger's saloon license was ordered investigated by the city solicitor.

The mayor was ordered to buy the old fort property for a new city hospital when the money arrived from the bond sale.

An ordinance was ordered drafted prescribing the manner of issuing saloon license.

On motion the board adjourned.

STRANGE MAN

Itinerant Doctor With Plenty of Money Falls by Wayside.

Was Released Once and Began Preaching on the Street.

W. T. Smith, who claims to be a doctor, ex-Confederate soldier, peddler and general all around good man, was arrested twice within the past 24 hours for frightening women and boys by his strange actions.

Last night Smith amused himself by going into South Side residences and when ordered out would swear and abuse the residents. His actions were reported to the authorities who arrested him. The man is of good appearance and seemed to be drinking. He was locked up until morning and when released was told to behave himself.

Instead of behaving Smith took a few more drinks and started preaching on First and Broadway. Officers Cross and Hession watched him and after they had observed him frighten several women and tear a bandage off a wounded man's head, arrested and locked him up again.

He will be kept in the lockup until sober and if he still acts in a demented way, will be tried for insanity.

Smith has a peddler's license from some other state which in addition cites the fact that the bearer is also an old Confederate veteran.

Smith is about 37 years of age and had both pockets full of money. He would not tell any one how he made a living and stated he lived in Little Rock, Louisiana and several other towns, where he owned much property.

SAD FOR GIANTS

BEN BOYD'S TEAM BEATS CHATTANOOGA ON ITS OWN GROUNDS.

Ben Boyd's colored baseball team, which won from Nashville this week, also defeated the Chattanooga Giants yesterday afternoon at Chattanooga by a score of 4 to 2. It was a hot game, and the club defeated the same that beat Boyd's team here two games, the Paducah Club's first defeat of the season. Yesterday Boyd's nine returned the compliment by beating the Chattanooga team on its own ground.

Mr. and Mrs. A. G. Edwards have returned from St. Louis.

DEATH RATE

It is Higher in Paducah Than Last Year.

Health Officer Says the City is in a Very Uncleanly Condition.

*Health Officer W. T. Graves is authority for the statement that the mortality rate in Paducah up to date, is much higher this year than last.

If it continues until the end of the year the deaths for 1904 will reach 552 while in 1903 only 487 were recorded, an increase of nearly 100 in twelve months.

"I attribute this," said the health officer, to The Sun, "to bad sanitary conditions. The city was never in a more uncleanly state than now. The surface drainage is something frightful. The water stands in the gutters until a green scum forms on it, and no effort is made to drain it off. I report these matters to the council, but cannot secure its co-operation in improving them." Another physician who is very much interested in sanitation said:

"The natural drainage in Paducah is excellent. All that is needed is that the gutters be cleaned out. All residents in the sewerage district too, should be compelled to connect with the sewers. Many have not done so."

GRAVE CHARGE

CENTRAL CITY BRAKEMAN WILL BE TRIED FOR FELONY.

O. E. Browner, of Central City, the Illinois Central brakeman arrested with Cordie Greer, a 14 year old girl of Hamby Station, night before last, will be arraigned for attempted criminal assault instead of disorderly conduct, before Special Police Judge D. A. Cross tomorrow morning. Browner denies the story told by the girl, but it is said that evidences of an attempted assault have developed since the examination made by a physician yesterday.

Some of Browner's relatives arrived from Central City yesterday afternoon and talked with him, but failed to give the \$1,000 bond required for his release. It is said by physicians that he was not successful in an assault if he attempted one.

Attorney E. B. Drake has been employed by the defense, and on his advice Browner is not doing any talking. The case comes up for trial tomorrow morning.

TO GIVE NEW BOND.

The Fidelity & Deposit Company, of Maryland, was today released on the bond of H. T. Hession as administrator of Fred Hession. Dr. Hession will give another bond immediately.

A Vile Disease

Contagious Blood Poison has wrecked more lives and caused more misery and suffering than all other diseases combined. Some are inclined to treat it lightly, but these soon learn that they have to deal with a powerful poison that is slowly but surely breaking down the constitution. Contagious Blood Poison not only mutes out punishment to the one who contracts it, but others may become innocent victims of this vile disease through inheritance. If your blood is tainted you may various other remedies without getting any benefit. I was induced by a friend who was cured of a constitutional blood trouble, to take S. S. S. A few bottles cured me permanently. I also consider S. S. S. the best tonic ever made. While taking it my weight increased and my health improved in every way. S. A. WRIGHT, Allegheny City, Pa. 2503 Perryville Ave.

mercury and potash treatment all signs of infection may disappear, but leave off these minerals and you soon find out the poison is still alive and you are just as bad off as ever. S. S. S. is the only antidote for Contagious Blood Poison. It destroys the virus completely without injuring the system. It is a vegetable remedy, and we offer \$1,000 for proof that it contains a single mineral ingredient. S. S. S. not only works the poison out of the blood thoroughly, but restores vigor and strength to all parts of the system.

Write for our special booklet Contagious Blood Poison, describing the different stages and symptoms and containing much other interesting information about this most despicable of all diseases.

It would be fine if you could have some of this heat next winter—along about Christmas, Wouldn't it?

You can have it if you use my coal. I know coal from a fourteen years' experience in handling it and I guarantee that I have the best coal on the market—coal that gives the greatest amount of heat and leaves but little ashes—and no clinkers. If you want summer heat in the dead of winter order your house filled now with Sturgis Coal.
